To Whom It May Concern:

Legacy Living Centers is a management company for long-term care facilities. We provide management services for more than 20 individual companies in several different states. Approximately 1000 employees are paid twice each month.

Since 2005, Fastpay has been providing our payroll services. With the scope and nature of our business, payroll could be a nightmare. That is not the case. Fastpay makes the process run smoothly and quickly twice every month.

During our conversion, they were very helpful and easy to deal with on all our issues. Almost four years later, they are still just as easy to deal with. Everyone, and I do mean everyone, that I have contact with at Fastpay is professional, courteous, and helpful. Their system is user friendly and they are continually upgrading and improving their services.

One of the things I appreciate the most is the personal and prompt service they provide. They have created very useful, customized options for our specific business needs. Other companies have offered to provide our payroll service, but they truly can't compete with the total package Fastpay provides with their personal approach.

I have recommend Fastpay Payroll Service in the past and will continue to do so in the future. If you are looking for a payroll service provider, Fastpay will be an outstanding choice for your business.

Sincerely,

Mary White
Payroll Manager
Legacy Living Centers
