

PRAY LUBBOCK

October 17, 2008

While I value the financial integrity of Pray Lubbock, somehow I was missing deadlines and accruing penalties regarding our 941's. The service we now receive from Fast Pay Payroll Services not only simplifies and documents our payroll transactions, but it has kept us above board without even the smallest glitch. Our payroll is not regular since we depend on donations to fund our ministry; however, Fast Pay lives up to the "fast" part of its name in spite of the sporadic nature of our check requests. The ease of faxing a request and then picking up the check on the way to the bank makes the whole process easier than if I were writing the check myself. The personnel are professional and pleasant; it is obvious that customer service is their priority.
